THE H&T THINK-TANK

The H&T Think-Tank, the international organisation of the « Cercle des décideurs Numérique & Santé » carries a vision of a more patient-centered healthcare system, considering patients' needs, preferences and satisfaction. The organization brings together digital healthcare key opinion leaders and decision-makers. It has enabled strategic debates within the French healthcare ecosystem and has supported digital transformation programs in health and healthcare.

The H&T Think tank was created by Sandrine Degos, CEO of Care Insight. Care Insight is a unique company dedicated to innovation and digital in health.
